

Privacy Policy according to GDPR

For medical personnel who have assignments for Rotary Doctors Sweden (RDS).

You are going on a mission for RDS. You have previously provided various personal data to the register for medical staff of RDS and now we will also ask you for various documents.

You can read about how we use your personal data, on what legal basis we save them and what rights you have on the page: <https://www.rotarydoctors.se/om-oss/personuppgiftshantering/>

The policy on the above mentioned web page applies to registration in that register of medical personnel and for all assignments within both RDS and assignments within Scandinavian Doctors.

Below is additional information for those who are assigned by RDS go on mission

1. RDS want to inform about the schedule of assignment for RDS missions, which periods are signed up and which periods are free.

We will therefore:

- On a special page at www.rotarydoctors.se, have lists of assignments and names of doctors and dentists who have signed up for a specific period.

When you sign up for an assignment, you will receive information that your name will be listed and you will receive this privacy policy. By submitting your application, you agree that you will be listed on these lists.

If, for a special reason, you do not want to be on the list with your name, you have the right not to be posted by notifying the Rotary Doctors office.

2. Within RDS, doctors/dentists often share house with a colleague during their mission and doctors/dentists' assignments also overlap, often one day, in a relay system. It is important that you as colleagues therefore can have contact with each other.

We will therefore:

- Share information about your name, e-mail address and telephone number with the doctors and dentists you will be in contact with during your assignment.

In order for the business to function in a good way, RDS believes that we have a legitimate interest in sharing this information between a few individuals who go out on assignments. These are necessary contacts for those who are going on assignments. If you do not agree to that this sharing is justified, you cannot go on a mission for RDS.

3. RDS has a large fundraising activity. This activity deals with information primarily for Rotary Clubs. We also want to be able to show the activities that doctors / dentists represent.

We will therefore:

- Use the photo that you submit to us by yourself in an information sheet that we send to Rotary Clubs.
- Share information about in which part of Sweden you live and where you will carry out your assignment.
- Share your email address with Rotary clubs in Sweden, but not your phone number or your address.

This takes place in connection with your assignment. The third point concerns only happens if clubs are asking if there is a doctor / dentist who has been on assignment near their own club.

Rotary Doctors believe that, as an organization, we have a legitimate interest in informing current or potential donors about our activities, including information to Rotary Clubs about the doctors / dentists who are on a mission.

If you do not want us to use your information in the above manner regarding information to Rotary Clubs, please inform Rotary Doctors office before traveling on your mission.
